"FOLLIES OF JAIL" MAY BE ZIEGFELD'S NEWEST

Manager Owes \$3,043 to Anna

The judgment was placed in the hands of the Sheriff, but was returned "wholly unsatisfied." It was then that Miss Held directed her attorney to press the claim. Ziegfeld was ordered to appear in supplementary proceedings, did not obey, and the contempt order was issued.

Ziegfeld only a few weeks ago married Miss Helld said the marriage was "a matter of perfect indifference" to her.

How the Lambert Circle Benefits You

We bring Lambert Seamless Solid Gold Wedding Rings into special prominence today because no more durable, no handsomer Wedding Rings can be made; because these are the days when the demand for Wedding Rings is great, and because the shape of these rings, the simple circle, illustrates a point we want to make.

As we have often said (and shall keep on saying) we are large manufacturers of Solid

Gold and Diamond Jewelry, and heavy direct importers of Diamonds, which are mounted in our own factory. We pay spot cash. We keep a modest store where rents are low. We guarantee the exactness of all we say about our Jewelry and everything we sell.

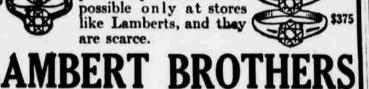

Hence people come to us in increasing numbers and because of that we can do business on a narrow margin of profit.

Now do you see how the circle idea fits in? Because we join high quality with low prices and absolute guarantee; we do a very large business. Because we do such a large business we keep prices low.

Our Solitaire Diamond Engagement
Rings make this point
plain. We illustrate here
Rings from \$25 to \$375.
There are others as
low as \$10 and others
up to \$1,500 and even
up to \$1,500 and even

more, but as no middle-man gets a cent, every price represents value possible only at stores are scarce.
